INTELLECTUAL PROPERTY

PROCURING, PROTECTING, MONETIZING, AND ENFORCING IP ASSETS

Offit Kurman's Intellectual Property (IP) Group helps entrepreneurs, business owners and entertainers to protect their patents, trademarks, copyrights, licenses, trade secrets, and publicity and privacy rights. Clients of various sizes from many industries turn to our IP Group for efficient, accurate, and timely legal advice regarding all of their intangible yet highly valuable assets.

Our team of attorneys helps holders of IP monetize their assets by drafting applications to register IP, licenses, policies and IP-related transactional documents.

If and when disputes arise, our seasoned team of intellectual property litigators will step in to ensure that your IP assets are enforced or protected. If you are being sued, our attorneys have also successfully defended companies from patent, copyright, unfair competition, and trademark infringement cases in multiple jurisdictions across the United States.

Our IP Group is regularly called upon to provide a range of legal services in the following areas:

GENERAL IP BUSINESS SERVICES AND EMERGING MEDIA

Our attorneys counsel clients regarding how to identify, register, protect and leverage IP assets through licensing, technology and IP agreements, online service agreements, software patents, privacy policies, affiliate marketing agreements, copyrights, trade secret and data security policies, government data rights, and trademark agreements.

PATENTS

Offit Kurman helps clients identify and protect their ideas and inventions as part an integrated-business strategy. From preparation and filing through licensing, and if necessary, litigation, our team of patent attorneys represent many innovative inventors, startups, private, and public companies.

INTELLECTUAL PROPERTY LITIGATION AND DISPUTES

Our litigators have had success in favorably resolving or winning the highest-stake cases in federal and state courts, before the United States Patent and Trademark Office (USPTO) and other tribunals.

TRADEMARKS AND COPYRIGHTS

Our team of attorneys is experienced in all stages of developing, registering, licensing, selling/purchasing, and enforcing of trademarks, brands, names, logos, phrases, and copyrights.

ENTERTAINMENT AND MEDIA

The attorneys at Offit Kurman represent some of the most successful artists, athletes, producers, production companies, and distribution companies in the country. From agreements to merchandising to financing, our team of attorneys can represent, protect, and help monetize your talent and intellectual property assets.
