

PRACTICE FOCUS

Burt A. Lewis' focus as an attorney began with and continues to be the work he does with individuals, their families and frequently, with their private businesses, as estate, gift-giving and business plans are developed and implemented with and for his clients, often on a multi-generational level.

In addition to the preparation of both simple and complex wills and trusts, his work includes the preparation of shareholder, operating, partnership, business restructuring and acquisition/merger agreements as well as the administration of trusts and estates.
